★ AN AMERICAN TRADITION OF ARTISTIC EXPRESSION WITH BRICK ★

BELDEN
THE BELDEN BRICK COMPANY

sculptured bricks add a distinct touch of lasting beauty and style

Throughout America, Belden Brick sculptures have added distinction and lasting recognition to buildings, entry monuments, walls, court yards and other brick structures.

The ultimate expression of brick is seen in the many brick sculptures that have been inspired by architects. These one-of-a-kind sculptures are created by artists and constructed from quality Belden brick.

There is no more impressive or enduring way to present logos, murals, emblems or any graphic. There is no stronger way to integrate these images into the facility itself. Brick sculptures are meant to last and require little or no maintenance.

Belden Brick artisans will work with your original design or execute an existing logo or emblem or any graphic in brick. They will carve the image into the green brick, achieving a remarkable level of detail. The brick is then fired and carefully inspected before being hand-packed for shipment to your site.
